EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known.
Try It!
Time it! Pape's Diapepsin will sweeten a sour, gassy, or out-of-order stomach within five minutes.
If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or you have heartburn, that is usually a sign of acidity of the stomach.
Get from your pharmacist a fifty-cent bottle of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.
Relief in five minutes is waiting for you at the drug store.
These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach trouble and its symp-

toms of indigestion, dyspepsia, sourness, gases, heartburn and headache, for many months. It belongs in your home. (adv)
